Golden Link College offers extra classes to review and develop basic proficiency in the English language, starting with pronunciation, conversational skills, public speaking, vocabulary building, reading comprehension, basic grammar, and writing skills.

In addition to these, the students are trained to develop self-confidence and wholesome self-esteem, and remove the fear of public speaking.

Students are given opportunities to speak within the classroom and in school programs to refine their abilities to speak to large groups. This is an important quality to develop leadership in the future.

Be the best of what you can be without comparing yourself with others!
